

PHY 100S – THE MAGIC OF PHYSICS

Spring 2013

TUTORIAL INFORMATION

TUTORIALS: 12-1 PM on Tuesdays, Wednesdays, and Thursdays, and 1-2 PM on Wednesdays
Tutorials begin in the second week of term: January 15, 16, and 17.

During the tutorials, your tutors will discuss the topics introduced in the lectures, but in a more informal setting. You are strongly encourage to attend and to actively participate!

The 10% tutorial mark will be based on quizzes, attendance, and participation. There will be a very short tutorial quiz given every week in your tutorial class. It will be based on the lecture material from the previous week. You will be marked on the best 10 quizzes out of the 11 that will be given this term (i.e., you can miss one tutorial without penalty). These tutorial quizzes will be worth 5% of the final mark, i.e., ½ mark each. Another 5% will be given for attendance and participation: ½ mark for each tutorial.

TUTORS: Alma Bardon, abardon@physics.utoronto.ca, MP 023
Graham Edge, gedge@physics.utoronto.ca, MP 025
