

PHY 100S – THE MAGIC OF PHYSICS
Spring 2012
TUTORIAL INFORMATION
Posted 16 January 2012

TUTORIALS: 12-1 PM on Tuesdays, Wednesdays, and Thursdays, and 1-2 PM on Wednesdays
 Tutorials begin in the second week of term: January 17, 18, and 19.

There will be a short tutorial quiz given every week in your tutorial class. It will be based on the lecture material from the previous week. These tutorial quizzes will be worth 10% of your final mark. You will be marked on the best 10 quizzes out of the 11 that will be given this term (i.e., you can miss one tutorial without penalty). Your tutors will discuss the topics introduced in the lectures, but in a more informal setting. You are strongly encourage to attend and to actively participate!
